

Introduction

The Central Sector Scheme - SAMPADA (Scheme for Agro-Marine Processing and Development of Agro-Processing Clusters) was

approved by the cabinet in May 2017 for the period of 2016-20.

The scheme has now been renamed as the "Pradhan Mantri Kisan Sampada Yojana (PMKSY)".

Objective

The objective of PMKSY is to supplement agriculture, modernize processing and decrease Agri-Waste.

M O F P I

SAMPADA Scheme Objectives

- Supplement Agriculture
- Modernise Processing
- Decrease Agri Waste

The infographic features a portrait of Narendra Modi on the left. The objectives are listed in yellow boxes on the right, each accompanied by a green icon: a hand holding wheat for agriculture, a factory for processing, and a trash bin for waste reduction.

Brief details of the schemes under SAMPADA

Scheme for Mega Food Park

Objectives of the Scheme: The objectives of the scheme are as follows:

- To provide modern infrastructure for food processing units in the country.
- To ensure value addition of agricultural produce including dairy, fisheries etc.
- To establish a sustainable raw material supply chain for each cluster.
- To facilitate induction of the latest technology.
- To address the need of small and micro, processors, and retailers to work together to build the supply chain.
- food processing enterprises by providing plug & play facilities.
- To provide an institutional mechanism for producers.

Scheme for Mega Food Park

Pattern of financial assistance:

Grant-in-aid @ 50% of eligible project cost in general areas and @ 75% of eligible project cost in NE Region and difficult areas subject to maximum of Rs.50 crore per project.

Scheme for Cold Chain and Value Addition Infrastructure

Objective of the Scheme:

To arrest post-harvest losses of horticulture & non-horticulture produce by providing financial assistance in setting up integrated cold chain, preservation and value addition infrastructure facilities without any break from the farm gate to the consumer

Scheme for Cold Chain and Value Addition Infrastructure Contd.

Pattern of financial assistance:

- The scheme will continue to be implemented with same components with a revised pattern of financial assistance as follows:-
- For storage infrastructure including Pack House and Pre cooling unit, ripening chamber and transport infrastructure, grant-in-aid @ 35% for General Areas and @ 50% for North East States, Himalayan States, ITDP Areas & Islands, of the total cost of plant & machinery and technical civil works will be provided.

Scheme for Cold Chain and Value Addition Infrastructure Contd

- For value addition and processing infrastructure including frozen storage/ deep freezers associated and integral to the processing, grant-in-aid @ 50% for General Areas and @ 75% for North East States, Himalayan States, ITDP Areas & Islands, will be provided.
- For irradiation facilities grant-in-aid will be provided @ 50% for General Areas and @ 75% for North East States, Himalayan States, ITDP Areas & Islands.
- The maximum grant-in-aid per project would be Rs. 10 crore per project

Scheme for Creation / Expansion of Food Processing and Preservation Capacities

Objectives of the scheme: The objectives of the scheme are as follows:

- Creation/ expansion and / or modernization of processing / preservation capacities which will help in increasing the level of processing, value addition and thereby reduction of wastage.
- The setting up of new units and modernization/ expansion of existing unit will be covered under the scheme. The processing units undertake a wide range of processing activities depending on the processing sectors which results in value addition and/or enhancing shelf life of the processed products.

Scheme for Creation / Expansion of Food Processing and Preservation Capacities

Pattern of financial assistance:

- The scheme envisages financial assistance to food processing units in the form of grant- in- aid:
 - 35% of the eligible project cost subject to a maximum of Rs. 5.00 crore in General Areas;
 - 50% of the eligible project cost subject to a maximum of Rs. 5.00 crore in North Eastern States including Sikkim and Difficult areas including Himalayan States (Himachal Pradesh, J&K & Uttarakhand), State Notified ITDP areas and Islands.

Scheme for Infrastructure for Agro Processing Clusters

Objectives:

- To create modern infrastructure for food processing closer to production areas.
- To provide integrated and complete preservation infrastructure facilities from the farm gate to the consumer.
- To create effective backward and forward linkages by linking groups of producers / farmers to the processors and markets through well-equipped supply chain.

•

Scheme for Infrastructure for Agro Processing Contd.

Pattern of Assistance:

The maximum admissible grant for each project would be 35% of eligible project cost in general areas and 50% of eligible project cost in North East States and difficult areas subject to max. of Rs. 10.00 crore. The grants-in-aid will be credit linked but not back ended.

Scheme for Creation of Backward and Forward Linkages

Objectives:

- To create an effective backward & forward linkages for perishable agri-horti produce through setting up of primary processing centres / collection centres at farm gate, distribution hub and retail outlets at the front end.
- To provide preservation facilities for enhancing shelf life of perishable agricultural produce resulting in better remunerative prices to farmers.

Scheme for Creation of Backward and Forward Linkages

Pattern of Assistance:

The maximum admissible grant for each project would be 35% of eligible project cost in general areas and 50% of eligible project cost North East States and difficult areas subject to max. of Rs. 5.00 crore.

The grants-in-aid will be credit linked but not back ended.

Scheme for Food Safety and Quality Assurance Infrastructure

(i) Setting up/Up-gradation of Quality Control/ Food Testing Laboratories Objectives:

- To establish a surveillance system for monitoring the quality and composition of food.
- To analyze the samples received from processing industry and other stakeholders.
- To reduce the time for analysis of samples by reducing transportation time of samples.
- To ensure compliance of international and domestic standards on food in case of exports as well as imports

Scheme for Food Safety and Quality Assurance Infrastructure

Pattern of assistance:

Central/State Government and their organizations/ Government universities (including deemed universities) are eligible for Grant-in-aid @ 100% of the cost of equipment and all other implementing agencies/private sector organizations/universities (including deemed universities) are eligible for Grant-in-aid @ 50% of cost of equipment in general areas and @70% for North East & difficult areas respectively.

Grant-in-aid is also given for Technical Civil Work and Furniture & Fixtures

Hazard Analysis & Critical Control Points (HACCP) / ISO Standards/Food safety/ Quality Management Systems

Objectives:

The main objectives of the scheme are to motivate the food processing industry for adoption of food safety and quality assurance mechanisms such as TQM including ISO 9000, ISO 22000, HACCP, GMP, GHP, to enable adherence to stringent quality and hygiene norms and thereby protect consumer health, enhance product acceptance by overseas buyers and keep Indian industry technologically abreast of international best practices.

Hazard Analysis & Critical Control Points (HACCP) / ISO Standards/Food safety/ Quality Management Systems

Pattern of assistance:

Grant-in-aid is given in the form of re-imbusement of expenditure towards implementation of HACCP/ ISO Standards / Food safety/ Quality Management Systems @ 50% in general area and @ 75% in NE Region and difficult areas of eligible project cost subject to maximum of Rs. 17 lakh and 22 lakh respectively.

Scheme for Human Resources and Institutions

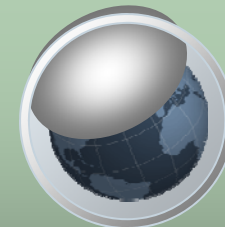

Research & Development in Food Processing Sector

The Objective of the scheme is that end product/outcome/findings of R&D work should benefit food processing industry in terms of product and process development, efficient technologies, improved packaging, value addition etc. with commercial value along with standardization of various factors viz. additives, colouring agents, preservatives, pesticide residues, chemical contaminants, microbiological contaminants and naturally occurring toxic substances within permissible limits.

Scheme for Human Resources and Institutions

Pattern of assistance:

For the Government organizations/universities/institutions:

Grant-in-aid is given for 100% of cost of equipment, consumables and expenditure related to salaries for project staff specific to the project for maximum period of three years. Grant is released in three instalments.

Funding pattern for Private organizations / universities / institutions

Grant-in-aid is given to the tune of 50% of equipment cost only in general areas and 70% in North East States and difficult areas. Grant is released in three instalments.

Scheme for Promotional Activities, Advertisements, Publicity, Studies & Surveys

Objectives of the scheme: The objectives of the scheme are as follows:

- To organize, co-sponsor, participate in all India level seminars, workshops, fairs and exhibitions for food processing sector to encourage investment in food processing and to create awareness of plan schemes being implemented by the ministry.
- To commission studies/ surveys to assess, evaluate various aspects of food processing sectors and allied activities.
- To create awareness about schemes of the ministry through print/audio-visual media through advertisements and publicity materials.
- To organize road shows, development of software and investor facilitation activities to promote food processing sector.

Scheme for Promotional Activities, Advertisements, Publicity, Studies & Surveys

Pattern of financial assistance:

- Under the scheme component of Promotional Activities, for organizing all India level seminars, workshops, fairs and exhibitions for food processing sector grant in aid @ 50% of the cost of the event or maximum Rs. 5 lakhs would be provided. In case event is sponsored/ co-sponsored by the Ministry or where Ministry is participating directly through any designated apex agency or through its Institutes in domestic/international events, this limit would not apply.
- Under the scheme component of Studies/Surveys, the grant in aid shall be decided on merits of the proposal and nature of work to be executed or through bid process wherever applicable.

Skill Development

Objectives of the scheme: The objectives of the scheme are as follows:

- to provide sector specific skilled workforce from floor level workers, operators, packaging and assembly line workers to quality control supervisor etc in the various sectors of food processing industries.
- to contribute towards achieving the projected skilled human resources requirement as envisaged by National Skill Development Corporation (NSDC) in food processing sector i.e 17.8 million persons by the year 2022.

Skill Development Contd.

Pattern of financial assistance:

Development of course curriculum for training modules and its translation in English, Hindi and regional languages based on the qualification packs (QPs) validated by the NSDC as National Occupational Standards for different job roles in various sectors of food processing industries. Grant-in-aid would be available primarily to NIFTEM and IIFPT and also other eligible institutions to the extent of **Rs.5 lakhs per QP** for development of training module both in print and multimedia for each job role. **Rs.0.50 lakh per QP** would be available for the translation of already developed training modules in different languages for each job roles.

Skill Development Contd.

Assistance for creation of infrastructure facilities for skill training centres. Grant in aid will also be provided at the rate of 50% of cost of plant & machineries required for training module subject to maximum of **Rs. 15 lakh** per training module and limited to two training modules per training centre.

Thank You!
